PEPPER SPRAY

SABRE pepper spray is the product of choice amongst consumers and law enforcement officers worldwide. SABRE's HPLC Guarantee, ISO 9001:2008 Certification, EPA & Health Canada Establishment Status and track record of over 35 years has made SABRE products the world's most popular pepper spray.

Each SABRE Red USA Home & Away Protection Kit is equipped with two (2) self-defense sprays, a home pepper foam unit and key chain pepper spray with case. The 2.5 oz home pepper foam unit features a glow-in-the-dark safety and a wall mount clip to keep out of the reach of children. SABRE Red's most popular product addresses the "Away" need with its 0.54 oz black key chain pepper spray with case and quick release key ring pepper spray for immediate accessibility. Both "Home" and "Away" pepper spray models deploy 8-10 feet and contain multiple blasts for protection against more than one attacker.

Features:

- 2.5 oz Home Unit - Wall Mount & Glow-In-The-Dark Safety
- Projects 8 Feet
- Foam Delivery - Easier Clean Up & Reduces Contaminated Area
- Home Pepper Foam Unit - Contains Approximately 15 Shots
- .54 oz Key Ring
- 8-10 ft effective range
- Ballistic Stream Delivery - Reduces Wind Blow-Back
- Key Chain Pepper Spray - Contains Approximately 15 Shots
